Dear Parents and Carers

It has been another fantastic academic year and all our staff have consistently worked so hard to ensure your child has had access to a rich and exciting curriculum, whilst also supporting and challenging children to make excellent progress throughout the year. Your children have also thrown themselves into their learning this year, grasping all opportunities with both hands to enjoy themselves whilst making progress.

We are incredibly proud of all our children and our 2025 statutory assessment results and wanted to share them with all our families to celebrate.

In addition, we are also extremely proud that we have continued to consistently provide a full, balanced and broad curriculum for all our children throughout the year. All children have received a rich curriculum of all subjects within the National Curriculum, as well as so much more: we have held daily worship together, as well as providing experiences, trips, workshops, theme weeks, choir and sports events, and have not narrowed our curriculum to try and improve results.

Our school governors would also like to extend their appreciation to all staff and parents for their commitment and support, as well as celebrating and recognising the hard work of all the children.

Finally, thank you to you! It has been the close partnership you have maintained with your child's class teacher and your support that has contributed to these fantastic results.

Yours sincerely
