Year 3: Recorder lessons

Dear Parents and Carers,

This term, our music topic in Year 3 will focus on learning to play the recorder. The children will explore how to play individual notes, keep a steady rhythm, and put these skills together to play simple tunes. Music lessons are planned for a Monday this half term but this could vary.

As the term progresses, they will work towards performing in a concert for parents later in the school year.

We kindly ask that each child brings their own recorder to use throughout the term. Having their own instrument will allow them to practise regularly and make good progress.

There are a few recorders available in school which can be used if a child forgets theirs on occasion.

We hope to commence recorder lessons in class on 7th September so would kindly ask that children have recorders in school by then if at all possible.

There are many websites which sell the soprano descant recorders, an example of which is below.

Tiger REC4-BK Soprano Descant Recorder - Black and Ivory | Three-Piece School & Beginners Recorder with Bag, Cleaning Rod and English Baroque Fingering : Amazon.co.uk: Musical Instruments & DJ

Thank you very much for your support in helping us make this an enjoyable and valuable learning experience.

We hope you will look forward to seeing the children's progress and enjoying their performance at the concert later in the year.

With best wishes,

Year 3 Team
